I have been in the ready-mix industry for over 35 years. Worked with Challenge Cook Brothers building mixers and then moved into parts dept.

Started with CEPI in 1989 as the southeast region branch manager. Our goal at CEPI in Georgia is to provide our customer with the best service possible. Outside of work I enjoy motorcycle riding, NASCAR, and SEC football.

I am currently living in Calhoun, Georgia and have been working for CEPI since July of 2006. I graduated from Coosa Valley Tech College in 2006 with a Construction Management degree. Ever since beginning my job at CEPI, I have learned something new every day about this industry. One of the most important things I have learned is to treat all of my customers like they are my friends. I can't wait to help with all of your parts needs!
